

Digna V2 (\$DGN) — Whitepaper

Version: 1.0 • Updated: November 02, 2025

DigniTrust Foundation

Executive Summary

Digna V2 (\$DGN) is the upgraded version of the Digna solidarity cryptocurrency on BNB Smart Chain. Each transaction automatically redistributes value: 2% to holders, 2% to the Solidarity Fund, 1% to automatic liquidity (BNB/DGN LP), and 1% to development. The migration from the former contract (V1) occurred on October 22, 2025 to strengthen transparency and enable continuous liquidity growth.

Contract & Network

Network: BNB Smart Chain (BEP-20)

Contract (V2): 0xC3376A3a56a5B367B8B7F667F62F5C57A9D92076

Previous (V1, deprecated): 0x446cEA692c98448107F5B30f24F8A859bF1c521C

Total Supply: 1,000,000,000 DGN (fixed — no mint).

Mechanics & Fees

Transaction fees (6% total):

- 2% → Automatic redistribution (reflections to holders)
- 2% → Solidarity Fund (community and aid projects)
- 1% → Auto-liquidity (BNB/DGN LP)
- 1% → Development and operations

Parameters (fees/limits) are transparent and can be adjusted via multisig governance before final ownership renunciation.

Liquidity & Security

Initial LP (≈1%) locked via DxLock until October 14, 2026 — on-chain proof:

The auto-liquidity mechanism (1%) ensures permanent reinjection into the BNB/DGN LP to

stabilize the market and reduce volatility.

Contract deployed via DxMint and verified on BscScan. Foundation & Team wallets are public and traceable.
